Dear Dr. Humble,

We have received our new CVSA II unit and have put it to use. I have been an examiner since 1999 and have done well over 1,000 tests with the CVSA. It has been the best investigative tool in clearing innocent people as well as identifying and obtaining confessions from suspects. Many of our cases would never have been solved had it not been for the CVSA. I have also used the CVSA on many occasions for cases involving other police departments, the U.S. Postal Inspectors and the U.S. Secret Service. It has consistently proven its value.

With all of the experience I have had with the CVSA, I can tell you it was a real joy to get and use the new CVSA II. The FACT Scoring Algorithm has proven itself as another great tool and has been a great help to our examiners. I would like to compliment you and NITV for your continuing efforts to make a great investigative tool even better.

Sincerely yours,

Kenneth R. Merchant
